

## **ASOM – MARCH/APRIL 2006**

We came once again with a great expectation  
To share our special apostolic relation  
And boy, we are not disappointed  
But rather so much more anointed

Bishop Kouri announced that the milk is the start  
Of the diet that pierces a man in his heart  
We were shown what can not be negotiated  
And how disciples should be initiated

You have to start with the milk of the word  
If you want to be living the things you have heard  
The basic foundations is what it takes  
To move towards the juicy steaks

One has to feel that God's intention  
And what He wanted this school to mention  
Is the wonderful rule and reign of the sons  
And the kingdom prepared for His chosen ones

Thamo revisited the original plan  
And the mandate that God has given to man  
In Him you can live without toil and strife  
If you choose to let kairos direct your life

Sam came to show apostolic order  
And sounded like God's personal recorder  
He showed us that this kingdom of priests  
Is served by the devil and all of his beasts

Even in nature our God can be known  
And so on a farm His order is shown  
Though there are many ducks and chickens  
You'll never find any chucks and dickens

Even before the start of the earth  
Even before anything came to birth  
God with Himself a covenant made  
And the greatest price already was paid

God has chosen man to be sons  
While angels thought they'd be the ones  
So satan still sings the same old song  
Trying to prove God's choice to be wrong

Shaun came to show that a church in error  
Can run into this fearful terror  
Of facing God's judgment and His sword

Even though still “serving” the Lord

Everything can seem just fine  
“I am rich and all is mine”  
Meanwhile you by this danger are faced  
That your lamp stand can be divinely replaced

Frans came to tackle eschatology  
And confront inaccurate theology  
He could not resist the huge temptation  
To boldly declare an “end-time” confrontation

Subtly he performed a heist  
“O my! There goes my antichrist”  
Now we’re faced with the blessed frustration  
Of adjusting our end-time expectation

Then there was the terminator  
Whose judgment is coming sooner or later  
Before you expect it a time chart is lifted  
To do this with courage you have to be gifted

Maxwell and Leon together stayed  
That is where the foundations were laid  
Of all the dark sayings that we heard  
When the man from Pretoria shared his word

Then there’s the office and general Rooks  
And Jonah supplying the bibles and books  
Each one on the grounds did their share  
Your excellence is seen everywhere

To summarize, this school was so good  
From the beds and the grounds to the drinks and the food  
Tony and Aubrey and all of the team  
You gave us the crop and also the cream

Be sure to know our hearts you did touch  
For you it will surely be counted as much  
Next time we’ll surely be back for more  
When we meet for school number ten and four
